DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel non-elected claims 14-32.

This application is in condition for allowance except for the presence of claims 14-32 directed to an invention non-elected without traverse. Accordingly, claims 14-32 have been cancelled.

Note: Applicant's election of Group I, claims 1-13, in the reply filed on 12/15/04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Allowable Subject Matter

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a multipackage module in accordance with claim 1, wherein the second package substrate and the first package substrate being interconnected by wire bonds connecting interconnect pads near at least two opposite edges of the second package substrate with pads at the first side of the first package substrate. Therefore, independent claim 1 is deemed allowable along with its dependent claims 2-13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
